

The Matteson Youth Athletic Association (MYAA) is committed to providing unrivaled youth experiences through cultivating sportsmanship, respect, teamwork, and leadership skills through participation in football and cheerleading. It is the goal of MYAA to ensure that the youth who participate in the program excel on and off the playing field and is committed to maintaining mastery in academic standards and excellent classroom behavior.

Paramount to our mission, the Board of Directors constantly evaluates the MYAA program to ensure we are meeting the needs and best interest of the youth in the community. After a careful and extensive assessment of the youth program, the need and opportunity for a change in direction was determined.

The Matteson Youth Athletic Association Board of Directors are extremely thrilled and excited to announce a change in leagues from the Will-Cook-Kankakee Youth Association to the Southwest Midget League. This change will allow the MYAA program to continue to grow and provide our youth with the competitive challenge and advantages that align with our pursuit of excellence. The change in league is effective with this upcoming 2013 season.
